Tim-

Sorry I didn't get back to you sooner, but it's been a busy week. I've started the discovery packet, but have not completed it yet. I hope to finish it early next week and get it to you thereafter.

Subject: discovery for [REDACTED]

Sonja,

I have a discovery request for this set of co-defendants: [REDACTED]. Not sure if I've already asked for this or not, but the attorney for [REDACTED] requested the following:

- Notes, printouts, analysis, including mass spectrometry and gas chromatography.
- Identify which test procedures were used to test.
- Identify which equipment was used as well as copies of manuals for such equipment.
- CV of anyone who worked on the drugs – I have your CV and already provided it. I'm assuming you did all the work.
- Copy of protocols, standards, guidelines, policies that are recommended, required or offered to chemists at the lab.
- List of certifications, accreditations received by the lab.

Let me know if you have any questions.
